ATTEMPTED HIGHWAY ROBBERY.

D. A. Kirkpatrick Held up by Two Men Last Night.

Two white men raided the section around Pleasant Garden, six miles south of here, yesterday broke into two or three houses and stole several articles and wound up their Sunday work by an attempt at highway robbery. While the families were at church yesterday morning the men broke into the houses of Messrs. Coble and Weatherly, both of whom live about a mile this side of Pleasant Garden. At Mr. Coble's they stole a suit of clothes and other garments and at Mr. Weatherly's they carried off a few small miscellaneous articles.

D. A. Kirkpatrick, of this city, attended preaching at Pleasant Garden last night and while returning home, by private conveyance, about 10:30 o'clock two men with clubs sprang from some bushes by the side of the road and one of them seized the bridle while the other stood near the buggy on one side. Mr. Kirkpatrick was unarmed and had some money on his person. Luckily, however, he was driving a fiery horse, which, when the bridle was caught, began snorting and pawing, and forced the man to stand aside. Once free the animal continued the journey at a lively pace. A white dog which was with the men followed Mr. Kirkpatrick for some distance.

Some parties who came to town from that section this morning, say that Mr. Kirkpatrick was held up by two citizens who wanted to have him inform the police here of the robberies there yesterday.

GUILFORD'S NEW GOLD MINE.

Chifar Consolidated Gold Mine Company Make First Crush Today.

The Chifar Consolidated Gold Mine Company, of Gibsonville, this county, began crushing ore today at 10 o'clock. John Farlow, superintendent of the mines, who was in the city today, told a Telegram reporter that the prospects for a great financial success in developing the mines were very bright and that the company was well pleased with the outlook.

The mines are half a mile south of the depot at Gibsonville, and inside the incorporate limits of the town Four shafts ranging in depth from 30 to 55 feet, have already been sunk and the ore is solid all the way. The company has one of the best mills in the state. Mr. Farlow invites everybody to visit the mines and see the men at work, digging the ore from the mines and separating the precious metal from it.

The mines have never been worked before and promise to make the owners rich.

WILL LEAVE TONIGHT.

Thirteen Soldiers Who Will Try Their Luck In The Philippines.

Thirteen soldiers, whose names have already been published, will leave here tonight for Vancouver Barracks, Wash., to join the 35th infantry for service in the Philippines. Lieutenant Douglas Settle, who has charge of the recruiting stations here and at Raleigh, says that 28 men have been enlisted here since the 1st of August, while only four have been received at the office in Raleigh.

All the ten new regiments called for by the president are about full, though when all have been filled the office here will be kept open for enlistment of men for the regular army, for service in Cuba and Porto Rico and for the 37th infantry and the 1st. volunteer cavalry, both of which are now in the Philippines.

THE ORPHANS' CONCERT.

Prospects for a Big Crowd at the Academy Tomorrow Night.

The chapter of orphans from Oxford Orphan Asylum will give a concert in the Academy of Music tomorrow night. The academy should, and no doubt will, be filled to its utmost capacity. The orphans are trained to that point of perfection rarely reached with children and the concert is one of the most entertaining one can attend.

Oxford Orphan Asylum is now taking care of no less than two hundred fatherless children and the concerts are an absolute necessity to the institution. Admission prices to the concert will be 25 cents for adults and 15 cents for children. Reserved seats can be secured at Faris' drug store, without extra charge.

A Paradox.

It seems a paradox to be buying heavy winter overcoats in this weather when the mercury is at 90 in the shade but that's what some people were doing at our store Saturday. We were rushed with buyers. The prices on all lines rang at 60 cents on the dollar and the public appreciate the fact that they have got a good thing and are taking advantage of it. Fishblate-Katz Co., Incorporated.

COUNSEL LABORI ASSASSINATED

He Still Lives, but His Condition is Precarious—Picquart is Marked for Assassination.

By Cable to the TELEGRAM.

Rennes, August 14—Assassins attacked Labori, the advocate counsel of Dreyfus, from ambush on the side of the road at Richmont bridge over the canal to to the right of the hall of the court martial. Labori was only a few hundred yards from his home on his way to the court martial. He was shot from behind by one of two men armed with revolvers. The bullet passed through his back and lodged in the tissue of the back lungs. Mme. Labori, a beautiful young woman, was soon told the news, and came to her husband's side before he was moved from the spot where he fell. She sat in the dusty road and held his head in her lap, kissing him repeatedly. His legs are paralyzed The city is in a turmoil, and the session of the court is adjourned.

Later—Labori is pronounced out of danger. The surgeons have probed the wound and found the ball imbedded in the tissue of the back lungs, which was not penetrated, nor was any important artery or vein cut. The patient's breathing is normal and there is no internal bleeding. The good news was received with cheers by a great crowd which filled the Place Laennec in front of Labori's house.

PICQUART ALSO MARKED.

Rennes, August 14—A bulletin posted by Labori's physicians says that a clot prevents the extraction of the ball. It is yet too early to say the patient is out of danger.

It is also stated that Picquart has been marked for assassination. More soldiers are stationed at the Lyce this morning, and extra precautions to prevent disorder are being taken throughout the city.

Labori in falling retained presence of mind enough to arrange the wallet containing his papers under his head as a pillow until his wife arrived, when he half raised himself and dropped his head in her lap.

Some laborors saw the assassins. One of the former placed himself in the path and tried to stop the murderers. One of the latter levelled his revolver and shouted: "Let me pass, I've shot Dreyfus!" The laborer was so taken back that he drew aside and allowed the murderer to pass, who escaped to the woods. Picquart and his brother, who accompanied Labori, joined in the pursuit, but were obliged to give it up. Some peasants heard the murderer say: "If I can't get away I'll go for them."

It is reported that Labori said, "I must die, but Dreyfus is saved."

LATER—LABORI WORSE.

Rennes, August 14 (3 p. m.)—Labori's condition is worse. Complications are feared.

The assassin is between twenty-five and thirty, about five feet high, slender figure, light moustache, dark brown trousers, gray coat vest, black Bowler hat, and of Spanish type. He is believed to be Spanish.

A Great Success.

The sale of clothing, hats and furnishing goods to wind up our business at 308 South Elm street, is meeting with great success. Saturday over a thousand people were in the house looking at the values we are offering. The stock is priced on a basis of 60 cents on the dollar and many purchasers are putting in their fall lines. Call early and you will be interested. Fishblate-Katz Co., Inc.

For the Boys.

The boys are strictly in it at our sale. The line of boys' and youths' clothing is cut to 60 cents on the dollar and if any shaver in your family needs a suit for fall use now is the time to buy it. Do not postpone buying as you will be assured of a good selection now. Everything in boys' and youths' clothing is being sold at 60 cents on the dollar to wind up our business. Fishblate-Katz Co.

Attention Pythians.

All members Greensboro lodge No. 80, Knights of Pythias, are most urgently requested to meet at their castle hall tonight at 8:30. Important business is to be transacted. Grand Chancellor W. J. Woodard will be present. R. M. Phillips, C. C.

Thacker & Brockmann have opened their new fall samples of Magnette, Axminter, Velvet and Brussells carpets and are prepared to make very low prices on these elegant and up-to-date styles. They are from one of the largest Philadelphia carpet factories and as it costs Thacker & Brockmann practically nothing to handle the line in this way they can afford to cut the profit very close.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., August 14.

Ernest Herndon went to Greensboro yesterday.

Did you see a single drunken man yesterday? We did not.

Editor Varner, of the Lexington Dispatch, was a city yesterday.

Rev. Jas. Peele, of Guilford College, is attending yearly meeting.

Misses Florence and Etta Blair, of Asheboro, were in the city yesterday.

Mrs. Harris and Mr. Eubanks, of Chapel Hill, are guests of the family of W. J. English.

H. S. Green and wife, of Advance, Missouri, are in the city visiting the family of W. E. Conrad.

Thomasville, Winston, Greensboro and towns on the Asheboro road were pretty well represented here yesterday.

Jim Jenkins, salesman for P. H. Hanes & Co., tobacconists, Winston, spent Saturday and Sunday in the city.

Miss Annie Pleasants and mother came up from Greensboro Saturday evening to visit the family of O. N. Richardson.

A. E Welborn has accepted a position as cabinet maker with Winston Furniture Co., and left this morning for his post of duty.

Taken altogether did you ever see a finer looking and better behaved crowd than was present at yearly meeting yesterday? We think not.

S. J. Crouch who has been visiting relatives at Woodstock and other points in Illinois returned home yesterday morning. He reports a pleasant trip.

A gentleman who has had some experience in sizing up crowds, says that there were at least 3,500 people from a distance here yesterday. We think this a safe estimate.

Two of the fair sex representing the City of Flowers were expected in this city yesterday and owing to their non-arrival two young men were sadly disappointed. But such is life.

In response to a message Dr. E. L. Stamey came up from Greensboro Saturday night to see his niece, Mrs J. Farriss, who has been quite sick for several weeks. He returned home on the 9:13 train.

The High Point Broom Factory, with John Martin proprietor, is the latest acquisition to our many manufacturing interests. The company will begin work in a few days. The plant is located up stairs in the Ham Lindsay building. A few sample brooms were made Saturday evening and exhibited on the streets. They are A No. 1—the kind the firm intends to make all along.

Messrs. Wall and Spencer, managers of the excursion which will be run from Asheboro and High Point to Wilmington next Friday, were in the city yesterday. Go on this excursion and these gentlemen will see that you are well cared for. The fare is unusually cheap, only $2.00, and oh! my, what a delightful trip. The sea breezes will fan strength into your weary body and you will feel like a new person.

J. J. and J. C. Welch and families and Rev. W. R. Lowdermilk and others, who went in a party to the mountains a week or so ago, returned home Saturday evening. They visited Blowing Rock, Piedmont Springs and several towns on the Blue Ridge, and all report a delightful time. Rev. Lowdermilk brought back a "souvenir" of the occasion in the shape of a small black dog, which he secured from a man living on top of the Blue Ridge.

Captain J. W. Fry Elected.

At an adjourned meeting of the board of aldermen held Saturday night, Capt. J. W. Fry was elected a member from the second ward, in the place of J. M. Hendrix, who was elected to fill the vacancy caused by the resignation of M. L. Shields, and declined to serve.

The second ward has plenty of good aldermanic timber, but no better selection than that of Capt. Fry could have been made. There are few better business men to be found anywhere and he will be a valuable addition to the already strong board.

Preaching Yesterday.

Rev. T. A. Smoot, of Greensboro Female College, preached a strong sermon to a large congregation at Centenary church yesterday morning, taking for his text "Blessed are the poor in spirit for they shall inherit the earth."

The announcement that Prof. Smoot would preach at night was a mistake and there was no preaching at Centenary last night. A singular coincidence was that of the five churches in South Greensboro none but the Friends' church had preaching last evening.

THE LAKE CITY POSTOFFICE

Will Possibly Not be Reopened as Was Expected.

THE YELLOW FEVER SCARE

Has Irreparably Injured Hampton and the Surrounding Section of Virginia.

Special to the TELEGRAM.

Washington, August 14—Although the published statements that the postoffice at Lake City, South Carolina, will be reopened shortly and that Mrs. C. W. McLean will be appointed postmaster is generally believed by South Carolina people in this city, and was also virtually confirmed by some of the officials at the postoffice department, there are some officials who refuse to confirm the report and who profess to be greatly surprised at the statements made. All the officials, including Postmaster General Smith and Assistant Postmaster General Bristow, who have the matter of the Lake City postoffice in charge, are now out of the city and could not be seen Saturday. At the office of General Bristow, however, one of the officials, Chief Clerk Hance, who is in charge, disclaimed any knowledge of the report, and was inclined to discredit the whole story. He stated that before the departure of General Bristow from the city he (Mr. Hance) asked the general about the Lake City office, and was instructed to file all the papers away, as nothing would be done in the matter at present.

The general opinion among South Carolina people in the city, who are interested in the matter, is that this statement simply means that nothing will be done in the matter of reopening the Lake City office until the return of the president, and the postmaster general and General Bristow to the city from their vacation. The belief is that the office will be opened about the first or middle of September, though it may be some time later before the arrangements can be pefected for the opening of the office. There are now very few South Carolina people in the city, so far as known none of the congressional delegation being here. Ex-Representative Libby, of the Norfolk district, is in the city. He stated Saturday that the yellow fever scare was gradually dying out, and that business in the vicinity of Hampton, Norfolk and Newport News was resuming its normal condition. The scare, he stated, had done more to injure Hampton and the surrounding section of Virginia than a fire destroying one-third of the town would have done.

Mr. Libby is taking but little interest in the senatorial contest in Virginia, but he agrees with most republican leaders coming from Norfolk that Senator Martin will have the support of the mass of the democratic party from that section of the Old Dominion.

Mr. E. H. R. Green, of Texas, member of the Republican National Committee, is in the city for a few days, on personal business. He states that outside of the flood district there is a magnificent crop, and abundant evidence of prosperity throughout the State. Mr. Green is president of the Texas Midland Railroad, and has done much for the benefit of Texas since he has been a resident there.

Mr. Green was the founder of the famous Tarpon Fishing Club of Texas, and which has in its membership lovers of the sport in a dozen cities outside of that State. Mr. Green stated that the cub has a beautiful home on the Gulf coast, and the adjacent waters are said to be the finest fishing grounds in the United States.

The West Indian hurricane was a subject much discussed at the National Capitol during Saturday and Sunday, and reports from the points in Florida and along the Gulf, in the path which it was supposed the storm would take, were eagerly awaited in this city. While the weather bureau officials have felt all along that there was but little danger of the storm moving so far inland as Washington, many of the residents felt more or less uneasy, and took precautions in case the storm should take one of its sudden eccentric turns and come in this direction.

Representative-elect Oscar Turner, of Kentucky, who succeeds Judge Walter Evans in the next House of Representatives, is in the city. In speaking of the gubernatorial situation in Kentucky, he stated that the mass of the democrats would vote for the ticket, and he feels confident of the election of Goebel, and the remainder of the ticket. The bolters, he says, are more noisy than dangerous, and he estimates at the outside that ex-governor Brown will not receive more than ten thousand votes. He looks for a plurality of about ten thousand for Goebel.

Doctor B. Humphrey has been commissioned postmaster at Saddle Tree, North Carolina.

Chairman Holt, of North Carolina, was in the city Sunday, registered at the Raleigh hotel. He is here on personal business, and will remain only a few days.

Dr. B. S. Carr, of Greenville, North Carolina, was in the city the other day.

THE YEARLY MEETING.

Friends at High Point Having Big Crowds and Good Services.

Special to The Telegram.

High Point, N. C, August 14—Sunday of yearly meeting dawned bright and fair and from the rising of the sun until the setting thereof people from the surrounding country came into the city in great numbers. The trains from the north and south were well loaded with passengers for this point And when the Asheboro excursion train arrived it looked as if all of Randolph county was represented thereon. The coaches were packed to their utmost capacity with anxious humanity and between cars and even on the rear of the engine all that could not be accommodated within were holding on as best they could. It was a grab game with the people along the road from the time the train left Asheboro until it reached here, and we are told that a goodly number was left behind, especially the ladies who could not stand the push and jam of the excursionists. It is estimated that fully 800 people came up on this train. By 12 o'clock High Point was entertaining one of the largest crowds ever assembled on a like occasion. Services at the Friends' church were going on almost the entire day and beneath the tents and at the stands on the grounds divine worship was also held.

In the house from 9:0 to 10:30 o'clock was devoted to Sunday school interests. Address s were made by Rev. M A. Kelsey and F. S Blair which were well delivered and listened to with great interest. At 11 o'clock services began again, conducted by Rev. James R. Jones, Mrs. Sarah Newlin and Joseph Stanley, all of whom expounded the gospel in a forcible way. At the same hour Amos Davis and Edward Hughes held services in the tent. Similar meetings were held in the afternoon and again at night.

To see the buggies and horses and all kinds of vehicles, from a one horse wagon to the English cab, and the great crowds of people standing around reminded us of an old fashioned Methodist camp meeting such as we have attended in our childhood days in western North Carolina, only the great spreads of good things to eat ready for the hungry visitor were missing—a big item in the way of thorough enjoyment. Owing to the hot weather which prevailed fresh water and cold soft drinks were at a premium. The first named indispensable article could be got by putting forth some effort but as for the latter you had to do without unless you stopped at the hotels or private houses. No one was allowed to sell any refreshments whatever on the streets—not even the drug stores at their places of business. But as for that nothing of the kind is tolerated here on any Sundays.

DOTS FROM WINSTON.

Interesting News Items by Telephone from the Twin City.

Special to THE TELEGRAM.

Winston, August 14—W. H. Temis, of Baltimore, accompanied by a large lumber dealer, of the same place, arrived in Winston yesterday, on their way to Mt. Airy, where they had an important engagement today. They expected to go to Rural Hall by private conveyance, but the large number of people who attended yearly meeting at High point had left no teams in the livery stables and the two gentlemen chartered a special train to take them to Rural Hall that they might connect with the regular Atlantic and Yadkin train for Mt. Airy. The special cost them $ 0.00. The men are negotiating for a large amount of North Carolina timber and will go to North Wilkesboro and Stone Mountain before returning.

The Sunday School Association which met at Walkertown Saturday, was presented with a white-oak gavel made from a piece of timber taken from Hopewell church, five miles from Salem, where the first Sunday School in North Carolina was organized.

A letter to his mother announces the serious illness in St. Louis, of Prof. Robt. L. Carmichael, a well-known musician, who has been travelling as director of an orchestra for the past twelve years. Prof. Carmichael is one of the best known North Carolina musicians, and is originally from Salem. He is a cousin of Dr. J. W. Griffith, of Greensboro.

MORE REGIMENTS

Contemplated by the Secretary of War—When?

By Wire to the TELEGRAM.

Washington, August 14—Root has asked the governors of the states to name two officers each for volunteer regiments of the "Spanish war." As all regiments are now ordered fully equipped, these must be for new regiments in contemplation, which it is thought will be ordered early in the week.

AGUINALDO'S APPEAL.

Speaking of the appeal of Aguinaldo to the powers of Europe for recognition of Filipino independence, the Norfolk Landmark, a very intelligent paper, in the course of a very thoughtful editorial, asks:

To be perfectly sincere, why should n't the Filpinos appeal for a recognition of their belligerency? As a question for impartial judgment, are they not entitled to such recognition? They affirm that they were practically independent, and certainly entitled to recognition as belligerents, before the sovereignty of the archipelago was sold to the United States by Spain. They call attention to the fact they were in possession of the entire island of Luzon, with the one exception of the City of Manila, before we attempted to assert our authority; and they further declare that the capture of Manila would have been only a question of time, as a native army had completely invested the place and had reduced the garrison to buffalo-meat and rain-water for subsistence. Seven thousand Spanish soldiers were prisoners in Filipino hands, and everywhere the revolution was triumphant. Can anyone argue with honesty that the Filipinos were not entitled to recognition as belligerents then?

Aguinaldo has made a very reasonable argument in favor of his people's belligerency. Certainly there will be no recognition, but there is no doubt that the great powers of Europe are impressed with the justness of the Filipino chief's contention. No one knows what combinations are secretly hatching against this government's eastern encroachment. A storm may break loose at any moment that will shake America's resources to their ruin.

The handsome, rich, polished young northern female fool who is exhibiting the Baker family as martyrs, has disgusted even the Springfield Republican, which has the following to say of the incident:

The large audience that greeted Miss Lillian Clayton Jewett and the Baker family in Music Hall, Providence, Monday evening, as well as their Boston audience yesterday, will grieve all who lament that young person's indiscreet activity in the Baker case. Especially may demonstrations of this kind in the north embitter public feeling in the south where the people feel that it is time they were left alone to work out their own great problem.

There are others who might have done better, but why haven't they done better? "The Man With the Hoe," the late poem by Mr. Markham, is a piece of genius and the criticisms that seek to detract from its merit are insignificant and unimportant. A successful poem must always undergo the fire of the so-called judges. The test is absolutely necessary to its life. "The Man With the Hoe" will emerge from the furnace refulgent with unobscurable radiance, unharmed by the attacks of the New York Sun's literary editor or any other foe.

The Wilmington Messenger's literary discussions o' Sundays are very interesting and in themselves worth easily the paper's yearly subscription price.

The secret dossier is a weighty document. It weighs 500 pounds.

Kodol Dyspepsia Cure cures dyspepsia because its ingredients are such that it can't help doing so. "The public can rely upon it as a master remedy for all disorders arising from imperfect digestion." — James M. Thomas, M. D.; in American Journal of Health, N. Y. Howard Gardner.

"By George!" exclaimed the policeman as he crawled from under the automobile, "I feel run down." "So?" quered the vehicle owner. "Why don't you take something?" "I will," put in the officer; "come along now and don't give me any more chin."

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel camplaint and the only one that never fails. It is pleasant, safe and seliable.

Notes of The Prowler

Answers to Correspondents.

Reginald—"Why did Nero fiddle while Rome was burning?"

I don't know. The reason I don't know is because Nero didn't fiddle while Rome was burning. If anybody has led you to believe this, he has imposed upon your weak, clinging, confiding nature. He was away from home when the fire broke out. Nero and his alleged wife, Poppæa, together with his numerous court, composed of whole detachments of nobles, senators, knights, pretorian guards, Augustians, retinues of slaves, freedmen, women and children—and the Lord only knows what all—had gone over to Antiatem in great pomp, ostensibly for Cæsar's health, but in reality to whoop 'em up, Lizy Jane, and to introduce a special brand of red paint. As soon as Nero heard of the conflagration, the whole shootin'-match hurried back to Rome in order to be in time for the show. [Now, Reginald, I will tell you something in sacred confidence. Please don't go and give it away to a special friend—at least, not with embellishments. It is this: Nero complained that he had never seen a great city on fire, and he pined for such a sight in order to receive inspiration thereby to fit him for putting the finishing touches to a tragic poem he had in soak. So he paid one Tigellinus $3.25 in the coin of the realm to set fire to the city of Rome. The small service rendered by Tigellinus proved to be a rip-roaring, howling success. The responsibility for the catastrophe was shifted to the shoulders of certain long-haired, bilious Christians, who would no doubt have had great conscientious scruples about starting a fire in the kitchen stove, let alone the great Roman capital, and several thousand of them were put to death with all the frills of fashion in such matters then in vogue. Now this is confidential, remember.] To resume. Nero, like many persons now living on earth, labored under a sad illusion. He thought he possessed a sweet, sylvan voice. He had nothing of the sort. If he ever had a good voice it was in bad repair at the time of which I write, superinduced by swallowing great quantities of liquid inspiration. The voice is a long-suffering factor in the human anatomy, but when you persist in invading the sacred precincts of its home with strong wines and other foreign substances, it will surely draw the line there, and its rich melody will pine away somewhere and never come back. When Nero and his grand aggregation of profligacy and debauchery reached the gates of the city, he climbed a friendly aqueduct, put on an Edwin Booth pose and a purple mantle, gazed in blear-eyed wonder at the appalling scene, and regardless of the nerves of the assembled rabble, lifted up his wine-pickled voice and sang loud, long and continuous, to the accompaniment of a golden lute. These are the facts in the case. This happened a long time ago, and my memory may not be the best, but I am willing to vouch for its authenticity, and you may put my trade mark upon it. If you desire to know more about Nero, you must so live and act on this earth that you will be in a position to interview His Fatness beyond the Styx.

Mabel—"Is it injurious to a young lady's health to ride a bicycle?"

Certainly not. Nothing will more effectually amend your constitution. Nothing is more invigorating and conducive to health than to skim around over the lap of nature while your mother does the cooking. This program may be injurious to her health, but yours—never. The proper regard for the declining years of your old mother is of no consequence when your health is involved. She may have to take in washing in order for you to keep up appearances, but she is case-hardened and won't mind. Bicycle riding will also develop your mental faculties. The motion of the wheel naturally starts up the wheels in your head and you will soon be able to dash off a poem on the spur of the moment. Also on spring. (You may send your poem to this office, where it will no doubt be dashed off again.) Yes, dear Mabel, by all means ride a wheel. Your grandmother will no doubt tell you that she has often performed on a wheel for the conversion of raw material into clothes, with profit if not pleasure.

Ethel—"What would you do in case of unrequited love?"

PEMBROKE JONES, HERO.

He Rescues Four People from a Burning Naphtha Launch.

Newport, R. I, August 10 - This having been a rainy day at Newport the great crowd of society and wealth have had plenty of time to discuss the heroism of Pembroke Jones, who at the risk of his life rescued two men and two women from a burning naphtha launch in the bay last night.

Mr. Jones has been only admitted within the inner portals of the realms of the rich, and his action of last night, which took place in the sight of scores of the people whom he cultivates, has enabled him to lock the portals aforesaid and defy anybody to put him out if he is so inclined.

It all came about in this wise: W. Buckholder Sunderland and Otto Kreischbaum, accompanied by Miss Florence Newcomb and Miss Josephine Scott, came down from Taunton, Mass., yesterday to see the sights. Along in the evening they engaged the naphtha launch of Captain Michael Connolly to run them around the yachts in the harbor.

Captain Connolly is a navigator of experience and he had a crew of one man. The four from Taunton boarded his craft and off they started. Aboard the steam yacht Narada was a dinner party attended by some of the most notable of the summer colony.

Projecting from the port side of the Narada was a swinging boom, at the end of which a small boat was moored. Captain Connolly in his desire to show his fares from Taunton the real thing, ran up alongside the yacht and the swinging boom scraped off the smokestack of his naphtha launch. From this time the proceedings were interesting.

The loss of the stack allowed the flame to communicate with the naphtha in the tank and there was a fireworks display that would do credit to Manhattan Beach.

Captain Connelly and his crew, being familiar with the explosive abilities of naphtha, discreetly jumped overboard, leaving the four frightened Taunton tourists to guess what was best to do.

The accident had been seen from the deck of the yacht and Pembroke Jones was the first to take advantage of the opportunity. It would be pressing it a bit to say that he hurled himself into a small boat, but he slid in and calling one of the crew to his assistance he started for the blazing launch. Reaching it Mr. Jones sprang aboard and turned a few cocks that shut off the flow of naphtha from the tank and averted an explosion. Then he assisted the Taunton people to his small boat and took them aboard the yacht. On the way he picked up Captain Connolly and his crew, who had been swimming around.

The trifling burns of the tourists from Taunton were attended to on the yacht and they were sent ashore in one of the Narada's boats The guests aboard the yacht were so excited that they failed to finish their dinner, and Mr. Jones was overwhelmed with congratulations until his face looked like the blaze he had just extinguished on the launch.

[Mr. Jones is a well known citizen of Wilmington, N C]

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

The old time joke about the mosquito being a bore has lost its point, but unfortunately for us the mosquito hasn't.

Remarkable Rescue

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well: now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at C. E. Holton's drug store. Large bottles 50 cents and $1.00.

BLOOD ON SAMOA'S MOON.

The Rival Factions have Another Pitched Battle.

Vancouver, B. C., August 12—The trouble in the Samoan Islands did not end with the departure of the representatives of the powers from Apia, although they confidently thought they had restored peace and brought the rival factions together. F. S. Meade, who arrived here on the steamship Miowera, after a trip through the Islands of the South Seas, says the two factions were still at war very shortly after the commissioners left, and that thay engaged in a pitched battle. The rival kings took no part, but the leaders of the parties were engaged. Several were killed on both sides, and a large number wounded. Mr. Meade says he got his information from an officer of the German cruiser Falke, which had been stationed at Apia during the recent troubles.

"WITH BRAINS SIR!"

A great artist was once asked what he mixed his pigments with to obtain such wonderful effects. His reply was: "With brains, sir!"

This would be the real answer to hundreds of people who are all the time asking what Dr. Pierce's medicines are mixed with to produce such marvelous cures. These medicines are the result of Dr. Pierce's thorough professional education; his deep study of the principles of *materia medica* and of the human physiology in health and disease; and above all his unparalleled practical experience.

"I thank God for giving you wisdom and knowledge, and guiding you in making these medicines," says Mrs. H. A. Alsbrook, of Austin, Louoke Co., Ark., in an earnest letter to Dr. Pierce. "After five months of great suffering I write this for the benefit of other sufferers from the same afflictions. I doctored with our family physician without any good results, so my husband urged me to try Dr. Pierce's medicines—which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his 'Golden Medical Discovery' and two vials of his 'Pleasant Pellets.'"

There is no medicine in the world that has helped and cured so many weak and ailing women, as Dr. Pierce's Favorite Prescription. It was devised solely for that purpose by one of America's most eminent specialists in this particular field of medical practice. Any woman may write to Dr. Pierce for advice which will be sent confidentially and absolutely free of charge.

Dr. Pierce's great thousand-page Common Sense Medical Adviser will be sent for the mere cost of mailing; paper-bound for 21 one-cent stamps, or cloth-bound for 31 stamps. It is a grand and useful book. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

ECZEMA

Itching, Burning Skin, Scales, Sores, Pimples, Red and Raw Skin, and Eruptions that Burn and Itch.

Caused by Bad Condition of the Blood. Cured by Botanic Blood Balm (B.B.B.).

Sample Bottle sent Free.

If you have tried doctors, salves, washes, external and internal remedies, and still have Eczema, Tetter, Scald Head, Salt Rheum, then B.B.B. will cure you by literally driving the bad poisoned blood out of the body, bones, and entire system, and this is the only perfect cure. Other remedies fail to cure because they fail to drive the bad blood out. B.B.B. is an internal powerful blood remedy that is meant to, and does, cure after all else fails.

HAVE YOU itching, burning, scaly, crusted, or pimply skin, blisters containing pus or watery fluid, skin red, and an itching heat, with or without sores, on legs, arms, hands, neck, or face? Then take B.B.B. which will cure you, leaving the flesh free from blemishes, sores, or itching of any kind.

Chronic Eczema is a severe form of skin inflammation, with great redness and a raw surface. It may last for years with intervals of partial recovery, but easily returning. It often attacks the ears and neck. We have seen the ears burnt and crisped as a piece of roast meat, and the whole side of the neck a surface of raw, inflamed flesh, pitiable to behold. We know of **six cases like this cured by B.B.B.** during the past year (1898).

Any form of Eczema is due to diseased blood. Get the diseased blood out with B.B.B., and you are cured. B.B.B. is perfectly **safe** to take by old or young, and acts as a fine tonic.

Eczema on Children. When teething, children are very frequently afflicted with Eczema. Sores discharge, and a yellow crust forms upon the skin. Give the child mild doses of B.B.B., and the sores will soon heal.

Sample Bottle Free. Send 2 stamps for free sample bottle, and book. B.B.B. for sale everywhere. Blood Balm Co., Atlanta, Ga.

Baldness Can be Cured

just so long as there is a particle of vitality left in the hair roots. The fact that the head is smooth and shining is no positive proof that the roots beneath are dead.

Deep down beneath the skin, hair roots may yet exist, filled with latent vitality, and all that is required to develop them into a beautiful head of hair is the faithful application of the proper agents.

Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be requred. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

Mr. A. Saunders, writing from Cocoanut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by C. E. Holton.

ANNUAL MEETING

Of the Industrial and Immigration Association.

Greensboro, N. C., Aug. 14, '99.

The postponed annual meeting of the Industrial and Immigration Association will be held at the court house on Monday night, August 21, at 8:30. The regular time for this meeting coming as it did in the midst of preparations for gala week, it was deemed wise to postpone until after the festivities of that occasion were over that we might have a full meeting of the members of this association and its friends. It is desired by the management to render a full and complete account of their stewardship. New officers will be elected at this meeting, and everyone interested in the growth and development of Greensboro should attend and use his best judgment in selecting such men as are in a position to use their time, money and influence in developing the city's manufacturing interests.

We would advise that Mr. M. V. Richards, land and industrial agent of the Southern Railway, formerly occupying the same position with the Baltimore & Ohio Railroad, and one of the highest authorities on industrial progress in the United States, has consented to be present at this meeting and deliver the address of the evening.

Please let the association have your cooperation in making this meeting a success and in laying plans that will greatly increase its usefulness during the next year.

W. M. Barber, Secretary. J. S. Hunter, President.

UNCLE SAM'S HOT BATHS.

The Hot Springs of Arkansas—Via the Southern Railway.

Will eradicate from your system the lingering effects of grip and other ailments caused by the severe winter, and malaria, rheumatism, neuralgia, catarrh, stomach, kidney, liver and nervous disorders, paralysis, blood and skin diseases, and chronic and functional derangements. The mountain climate of Hot Springs is cool and delightful in summer. 100 hotels open the year around.

Miss Gush—"I think Mr. Popinjay a cunning little chap." Miss Prim—"The idea. Why the man's bowlegged." "Yes; but that gives him such an arch look, you know."

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadeldhia, was the subject, is narrated by him as follows; "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

Seeking Rest, Or Health Or Pleasure?

Then Read This:

Mt. Vernon Springs Hotel is now open for the reception of guests. The waters from the Mt. Vernon Springs are equalled by few and surpassed by none in the state for medicinal and curative properties. Some of its cures are almost miraculous. Its taste is pleasant, cool, palatable and refreshing, and you enjoy it from the first. The springs are surrounded by great natural beauty. Around the premises is a dense oak grove and the air is pure and invigorating.

This most desirable of health and pleasure resorts is located just one mile west of Ore Hill in Chatham county. For further information address the owner and proprietor,

"Line of Parade"

For the Firemen's Tournament was published in the papers with one exception, and that was, instead of stopping at the court house, they ought to have added: From there everybody will go to the Greensboro Pressing Club and have their suit or uniform neatly cleaned and pressed.

Now don't forget this. You will want to look neat and clean, so profit by the above. Phone 162 will get us.

"Nothing Succeeds Like Success"

Still, Success (temporary) Ruins Many

We have been moderately successful in the clothing business, but our heads are not swelled one bit.

Why?

Because we have realized that we are dependent upon a generous public for success. Of course our own efforts count for something, but without the confidence and aid of our fellow men we would be a unit in this vast nniverse of trade.

We want your confidence, we want your business; and if prices, values and courteaus treatment will get it (and it will) we will have it.

All light-weight garments will go at reduced prices.

OUR FAVORABLE SHOWING

Greensboro's Death Rate, School Attendance and Passenger Trains.

The death rate in Greensboro for the white race is smaller than in any other town of 5000 people in the State. There is a larger percentage of children according to population in attendance on the schools than any other town in the State. There are more passenger trains coming into and leaving Greensboro than any other town in the State. The hours of train service are better. There is no merry jest or fairy story about these statements, they are facts. Health, Education and Transportation the best.

Ladies who like nice shoes, good shoes that fit well, feel comfortable, look dressy and wear well should look at Thacker & Brockmann's new line of Baltimore made Goodyear welts. They come button and lace, all sizes and all sold at $2.75.

The Road Roller.

It was reported a short time ago that the county commissioners had bought a steam roller for work on the macadam roads which are to be built. It is sad to relate that this was a mistake, as the commissioners decided to use a horse power roller. It is supposed that the commissioners are in a better position to judge about this matter than outsiders, but a steam roller looks more like business and does better work. Why not get it.

Headgear.

You wear headgar—in fact, we all wear some sort of contrivance for the head. Everything for men, youths and boys in the way of hats is to be found at our store. We are selling the Stetson hat at $3, the Harrington $4.50 hat at $3, the $1 linen hats are selling at 60 cents, the 50 cent linen hats at 25 cents and everything through the entire department is selling in proportion.

Fishblate-Katz Co.

$3 50 to Asheville and Return, August 22nd and 23rd.

THE EXCURSION WENT ON.

Management Coughed up Their Dollars and Pulled Out.

The colored excursion which came in Saturday morning from Durham en route to Danville, and which was held up here on account of being overloaded, went its way Saturday afternoon and passed through on the return trip early yesterday morning. It was a sleepy crowd. The excursionists were paying their respects to the managers of the excursion, and these in turn were scoring the Southern officials in no uncertain terms.

It seems that, when the train reached here, the railway officials refused to let it proceed until four more cars, for which they charged $55 each, had been put on to accomodate the crowd—making not over sixty people to a car. Furthermore, the Southern refused to take the train back to Durham until these cars had been put on and paid for. The excursion managers found themselves between two fires, but held on to their money as long as possible hoping to get around the Southern by legal proceedings. It was no go and they went went on their way cursing.

Plans Accepted.

Work on the shed over the platforms around the Southern depot will be begun in a very short while. The plans, as drawn by Architect Frank P. Milbourn, of Charlotte, have been accepted and superintendent O'Brien is much pleased with them. The shed will be of the most approved kind and will be finished before the bad winter weather sets in.
